400
SERIES

The new **Integra Series 400** IP65 rated water resistant luminaire is manufactured to the highest quality standards and incorporates the latest in T5 energy efficient, electronic ballast technology.

Available in single and double tube configurations, the Integra Series 400 has a built-in reflector and is constructed from high quality polycarbonate.

The Integra Series 400 has been designed to deliver overall power savings of up to 50% depending on the original luminaire's ballast configuration.

The luminaire can be mounted flush to the ceiling or suspended using stainless steel mounting brackets included with each unit.

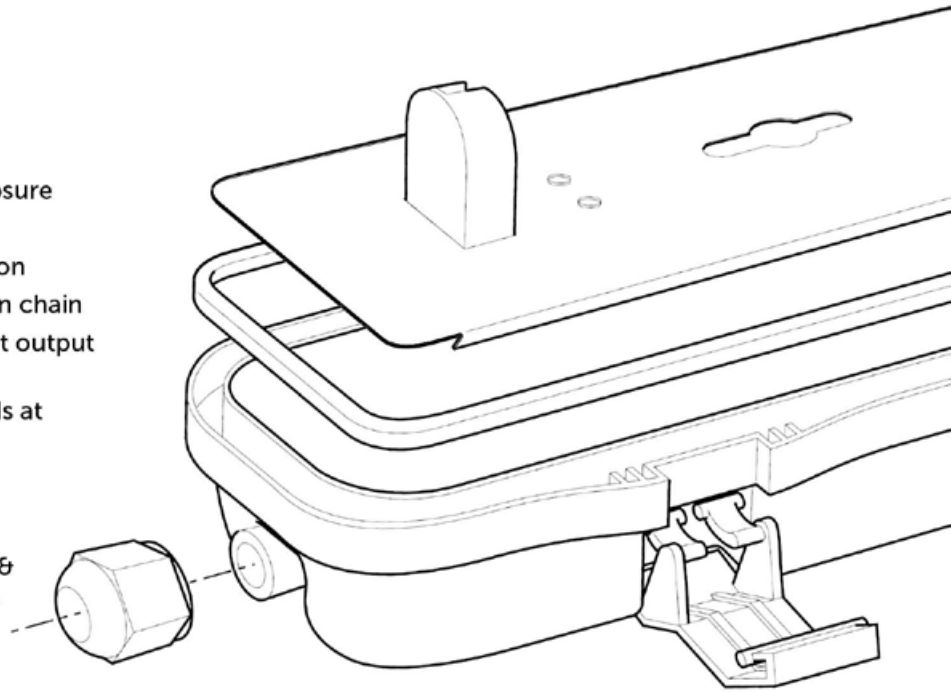

Key Features

- IP65 Rated water resistant Polycarbonate Enclosure
- High Efficiency T5 Electronic Ballast
- Available in Single and Double tube configuration
- Can be surface mounted or hung via suspension chain
- Incorporates internal reflector to maximise light output and distribution
- Units can be cabled in series via the entry glands at either end of the luminaire housing.

Applications

Car parks, Council and Public Buildings, External & Internal Industrial and Commercial environments

Specifications

Part Code	CI-IP128-122WNT	CI-IP228-222WNT
Description	1 x 22 Watt IP65 Rated Luminaire	2 x 22 Watt IP65 Rated Luminaire
Lamp Circuit Power (LCP)	22.5 Watts	44.9 Watts
Fluorescent Tube(s)	1 x 28W T5	2 x 28W T5
Lamp Rated Lifetime	30,000 Hours	30,000 Hours
Luminaire Input Voltage	240v AC 50Hz	240v AC 50Hz
Power Factor	0.95	0.95
Dimmable	No	No
Lumen Output (NATA tested)	1514 lm	2983 lm
Light Output Ratio (luminaire)	0.93	0.92
Efficacy (whole luminaire)	68.8 lm/Watt	68.8 lm/Watt
Construction	Polycarbonate body, diffuser and clips. Polished reflector	Polycarbonate body, diffuser and clips. Polished reflector
Dimensions (mm)	1275(L) x 87(W) x 75(H)	1275(L) x 125(W) x 85(H)
Warranty	1 year	1 year

Also available in '2 foot' versions

Note: Fluorescent tubes are ordered and supplied separately.
